

TRANSPORTATION SERVICES MANAGEMENT

The school unit shall provide transportation services for elementary and secondary students in accordance with School Committee policies and applicable laws. The major priorities of the school unit's transportation program are to provide safe, comfortable transportation for students in the most efficient and economical manner feasible.

All vehicles used to transport students shall be inspected and maintained regularly so as to provide safe and efficient transportation with a minimum of delays and disruptions due to mechanical or equipment failure. All legal and safety requirements shall be scrupulously observed. All vehicles shall be purchased in accordance with applicable School Committee policies and state laws.
