

## **The Bus of the Month Program**

The Bus of the Month Program is an effort to applaud the students who are usually on their best behavior and to encourage those who may fall short of that goal. Based on the premise that positive incentives are preferable to inevitable consequences, this program gives students a monthly challenge to be on their best behavior in order to be on the bus with the fewest write-ups for the preceding month. That bus will be given a magnetic sign to sport around town for the next month as Bus of the Month. Everyone on that bus will receive a small gift and individual certificate. For earning Bus of the Month, students will also be given a privilege for that month (to be determined by drivers). See sample student certificate below:
